Hon. Edward J. Davila

DECLARATION OF BEN BARNOW
IN SUPPORT OF PLAINTIFFS'
MOTION FOR PRELIMINARY
APPROVAL OF CLASS ACTION
SETTLEMENT

DATE: September 16, 2021

TIME: 9:00 A.M.

JUDGE: Hon. Edward J. Davila

CTRM: 4, 5th Floor

Judge: Hon. Edward J. Davila

DECLARATION OF BEN BARNOW

I, Ben Barnow, declare as follows:

1. I am President and sole shareholder of Barnow and Associates, P.C. (“B&A”), and a member in good standing of the bar of the State of Illinois and State of New York. I submit this declaration in support of Plaintiffs’ Motion for Preliminary Approval of Class Action Settlement in this action, as memorialized in the Class Action Settlement Agreement and Release (“Settlement Agreement”) filed concurrently herewith.¹ I make the following declaration based on my own personal knowledge and, where indicated as based on information and belief, that the following statements are true. If called upon as a witness, I could and would competently testify as follows.

INTRODUCTION

2. The proposed Settlement is the product of hard-fought, arms-length negotiations between experienced counsel after necessary confirmatory discovery by Plaintiffs’ counsel, settlement negotiations that included mediation before the Hon. Judge Jay C. Gandhi (Ret.) of JAMS, and extensive ongoing negotiation efforts between counsel for Plaintiffs and Defendant The Kroger Co. (“Kroger”). The Settlement secures a significant recovery for the putative Class Members, eliminates the risks of continued litigation, and is an excellent data breach class action settlement result.

3. The Settlement, if approved, would resolve all class claims against Kroger (not Accellion), on behalf of approximately 3,825,200 million settlement class members relating to Accellion’s File Transfer Appliance (“FTA”) Data Breach (the “FTA Data Breach”).

4. The Settlement would establish a non-reversionary cash fund of \$5 million to pay, *inter alia*, for valid claims. Under the terms of the Settlement, Class Members may submit Claim Forms and elect to receive one of the following benefits: 1) a cash payment, calculated in accordance with the terms of the Settlement Agreement (with double the amount to California residents in light of the statutory claims available to them) (“Cash Fund Payment”); or (2) two years of Credit Monitoring and Insurance Services (“CMIS”); or 3) a payment for reimbursement

¹ Unless otherwise noted, all capitalized terms not separately defined herein have the meaning ascribed to them in the Settlement Agreement.

1 of Documented Losses of up to \$5,000, with Reasonable Documentation and other supporting
2 documents (“Documented Loss Payment”). The Settlement also provides for robust injunctive
3 relief which includes, *inter alia*, confirmation that Class Members’ sensitive PII is secured, dark
4 web monitoring for five years for fraudulent activity relating to Class Members’ PII, and various
5 enhancements to Kroger’s third-party vendor risk management program and other data privacy
6 enhancements.

7 5. I am informed and believe that if approved, the Settlement would resolve all claims
8 against Kroger in the following pending class actions: *Jones v. The Kroger Co.*, No. 1:21-cv-00146
9 (S.D. Ohio) (“*Jones*”), *Govaert et al. v. The Kroger Co.*, No. 1:21-cv-00174 (S.D. Ohio), *Doty et*
10 *al. v. The Kroger Co.*, No. 1:21-cv-00198 (S.D. Ohio), *Strohm v. The Kroger Co.*, No. 1:21-cv-
11 00226 (S.D. Ohio), *Abrams et al. v. The Kroger Co.*, No. 1:21-cv-00240 (S.D. Ohio), *Buck v. The*
12 *Kroger Co.*, 1:21-cv-00279 (S.D. Ohio), and *Baer v. The Kroger Co.*, No. 1:21-cv-00323 (S.D.
13 Ohio) (collectively, the “Ohio Actions”).

14 6. I am also informed and believe that the Settlement also would resolve the
15 individual, *pro se* claims in *Martin v. Kroger Co.*, No. 1:21-cv-00717-JRS-DML (S.D. Ind.)
16 (“*Martin*”).

17 7. For all the reasons explained herein, I believe the proposed Settlement to be fair,
18 reasonable, and adequate, and in the best interests of the proposed Settlement Class.

19 THE COMMENCEMENT OF THE LITIGATION

20 8. Plaintiffs’ First Amended Class Action Complaint (“FAC”) alleges that on or about
21 February 19, 2021, Kroger publicly confirmed that the PII of certain Kroger pharmacy customers
22 and former and current employees was compromised in the FTA Data Breach. The affected PII
23 included names, email addresses, dates of birth, home addresses, phone numbers, Social Security
24 numbers (“SSN”), salary information, and certain health and prescription information. During the
25 FTA Data Breach, unauthorized persons were able to exploit multiple vulnerabilities in Accellion’s
26 FTA and gain access to the sensitive PII of Kroger pharmacy customers and current and former
27 employees.

1 9. On March 17, 2021, this action was filed on behalf of Plaintiffs Ricky Cochran and
2 Alain Berrebi, naming Accellion and Kroger as co-defendants. ECF No. 1. Plaintiffs filed the FAC
3 on June 25, 2021, adding a new Plaintiff, Jaramey Stobbe, to the action. ECF No. 27. I am informed
4 and believe that each of the Plaintiffs received notification from Kroger indicating that their PII
5 was accessed during the FTA Data Breach.

6 10. The FAC alleges that, *inter alia*, Kroger and Accellion: (a) failed to implement and
7 maintain adequate data security practices to safeguard Plaintiffs' and Class Members' PII; (b)
8 failed to prevent the FTA Data Breach; (c) failed to detect security vulnerabilities leading to the
9 FTA Data Breach; and (d) failed to disclose that their data security practices were inadequate to
10 safeguard Class Members' PII. ECF No. 27 ¶¶ 48, 54, 64-70, 113. With respect to Kroger,
11 Plaintiffs alleged that it had a duty to, and impliedly promised Plaintiffs and Class Members that
12 it would, protect their sensitive PII from unauthorized disclosure and handle this data securely,
13 and that it failed to do so by entrusting the PII to a third-party file transfer vendor whose products
14 and services were prone to security vulnerabilities that left Class Members' PII exposed. *Id.* ¶¶ 54,
15 89.

16 11. Prior to filing the instant action, Plaintiffs' counsel drafted and served Kroger with
17 a detailed notice letter pursuant to the California Consumer Privacy Act ("CCPA"), Cal. Civ. Code
18 § 1798.150(b), demanding that Kroger provide a class-wide remedy for alleged violations of the
19 CCPA. ¶ 120.

20 12. Kroger has denied the allegations set forth in the CCPA demand letter and the FAC.
21 Kroger's written response to the CCPA demand included an assertion that it had cured any
22 violation of the CCPA, and that it had (i) sent notice to all impacted individuals and offered two
23 years of credit monitoring and ID theft insurance, (ii) reported the incident and worked closely
24 with the FBI, (iii) recovered the impacted data and received evidence that any remaining copies of
25 the data were deleted, and (iv) confirmed that none of the impacted data was published or offered
26 for sale on the dark web.

PLAINTIFFS' LITIGATION EFFORTS AND WORK ON BEHALF OF THE CLASS

13. The attorneys at B&A who worked on this matter have stayed abreast of all material developments involving the FTA Data Breach, including those impacting Kroger. We have gathered the press releases and statements concerning the FTA Data Breach, reviewed the information Kroger has provided on its website about the breach (*see* <https://www.kroger.com/i/accellion-incident> (last visited June 23, 2021)), reviewed Kroger's data breach notification letters, reviewed Accellion's Mandiant forensic report, and kept informed of updates and new information relating to the FTA Data Breach.

14. Following commencement of this action, Plaintiffs and Kroger opened a dialogue about case management issues and engaged in multiple meet-and-confer discussions. Attorneys at Ahdoot & Wolfson, PC and B&A (collectively "Plaintiffs' Counsel") already had been leading efforts to coordinate all of the related cases filed in this Court relating to the Accellion FTA Data Breach. These efforts included drafting a stipulation to consolidate all of those cases and set deadlines for submitting leadership applications. After this action was filed, Plaintiffs' Counsel coordinated with Kroger's counsel to facilitate Kroger's inclusion in a consolidation stipulation. When efforts to stipulate to consolidate all of the Accellion FTA Data Breach cases filed in this Court failed, AW filed a motion to consolidate the cases. *See Brown v. Accellion, Inc.*, No. 5:21-01155-EJD (N.D. Cal.), ECF No. 37. This motion was contested by some of the plaintiffs' counsel in other FTA Data Breach cases, including some of the lawyers in the Ohio Actions. *See id.*, ECF Nos. 40-41. The motion to consolidate the Northern District of California cases remains pending as of the execution date of this Declaration.

15. On April 9, 2021, Plaintiffs and Kroger submitted a stipulation in this action extending Kroger's time to respond to the Complaint to the earlier of 45 days following a decision on the JPML Motion or 45 days after Kroger answers or otherwise responds to a complaint in any of the other FTA Data Breach actions. ECF No. 14. On June 7, 2021, the Panel issued an order denying transfer. MDL No. 3002, ECF No. 88.

1 numerous details to maximize the benefits to the Class Members.

2 22. Plaintiffs' Counsel solicited competing bids from four separate third-party
3 administrators for settlement notice and administration. With each of the potential settlement
4 administrators, proposed Class Counsel discussed the notice and distribution plans agreed to in the
5 Settlement. Counsel ultimately negotiated an agreement with Epiq Class Action and Mass Tort
6 Solutions, LLC ("Epiq"). Proposed Class Counsel have both previously worked with Epiq on
7 different matters. Epiq estimates that the total administration and notice charges in this matter will
8 be approximately \$740,948 to \$827,299. In my experience, this estimate is reasonable in the
9 context of this proposed Settlement, and includes all costs associated with providing direct notice,
10 class member data management, CAFA notification, telephone support, claims administration,
11 creation and management of the Settlement Website, disbursements and tax reporting, and includes
12 postage (which is estimated to be approximately \$320,000 to \$350,000).

13 23. The Notice Plan and each document comprising the Class Notice were negotiated
14 and exhaustively refined, with input from Cameron Azari, an expert at Epiq, to ensure that these
15 materials will be clear, straightforward, and understandable by Class Members, and that they fully
16 comply with due process, CAFA, and all requirements of Rule 23.

17 24. Following consultation with Epiq and based upon Class Counsel's previous
18 experience in and knowledge of similar cases, Class Counsel expect the claims rate in this
19 Settlement to be between 1-3%. In my opinion, the claims rates in previous data breach settlements
20 (detailed in the concurrently filed Motion for Preliminary Approval of Class Action Settlement)
21 support this conclusion.

22 25. The Settlement's proposed distribution plan is similar to past distributions of
23 settlements negotiated and recommended by proposed Class Counsel.

24 26. Any amount remaining in the Net Settlement Fund, after all payments and
25 distributions are made pursuant to the terms and conditions of the Settlement, will be paid to the
26 proposed Non-Profit Residual Recipient: Rose Foundation's Consumer Privacy Rights Fund
27 ("Rose Foundation"), a 26 U.S.C. 501(c)(3) non-profit organization. The Rose Foundation's
28

1 efforts are directly related to the subject matter of this action and the organization has been
2 approved as the recipient of residual settlement funds in other data breach class action settlements.
3 Proposed Class Counsel have no relationship with the Rose Foundation.

4 27. As part of the Settlement, certain Class Members may elect two years of Credit
5 Monitoring and Insurance Services (“CMIS”). Plaintiffs’ Counsel solicited competing bids from
6 alternative providers of CMIS. Ultimately, counsel negotiated for Experian to provide the CMIS.

7 28. I am informed, and believe, that Experian’s IdentityWorks (3 Bureau Plan) includes
8 (i) up to \$1 million dollars of identity theft insurance coverage; (ii) three-bureau credit monitoring
9 providing notice of changes to the participant’s credit profile; (iii) alerts for activity including new
10 inquiries, new accounts created, change of address requests, changes to public records, postings of
11 potentially negative information, and other leading indicators of identity theft; (iv) customer care
12 and dedicated fraud resolution agent; (v) comprehensive educational resources; and (vi) extended
13 fraud resolution. *See* Barnow Decl., Exhibit 1. This plan was selected after soliciting competing
14 bids from multiple providers.

15 **SUMMARY OF CONFIRMATORY INFORMATION RECEIVED FROM KROGER**

16 29. Through the confirmatory discovery process, Plaintiffs have confirmed the
17 following information:

18 a. Kroger discontinued its use of Accellion and FTA, reported the incident to
19 law enforcement, and initiated its own investigation.

20 b. Accellion did not inform Kroger that the FTA product was insecure or ill-
21 suited for its purpose of providing securing file transfers, but, rather, represented that the opposite
22 as true.

23 c. Prior to the disclosure of the FTA Data Breach, Kroger already had
24 purchased from Accellion the next generation file transfer product, known as Kiteworks, and was
25 on target to complete migration to this product, from the breached FTA product, by March 2021.

26 d. Accellion supported the FTA product platform utilized by Kroger up to the
27 announcement of the FTA Data Breach.
28

1 e. Accellion represented that the FTA product would remain licensed and
2 supported during the transition to Kiteworks.

3 f. Following announcement of the FTA Data Breach, Kroger worked with
4 Accellion regarding the investigation.

5 g. Kroger also reported the incident to the FBI and activated Verizon's
6 Incident Response support team to analyze relevant information, review impacted data, and
7 prepare notification to affected individuals.

8 h. Approximately 3,825,200 Kroger employees and customers were impacted
9 by the FTA Data Breach. Of the total individuals impacted, approximately 2,458,800 were Kroger
10 employees; 1,324,600 were Kroger customers; and 23,800 were both employees and customers of
11 Kroger. In California, approximately 150,000 individuals were impacted.

12 i. Kroger learned of the FTA Data Breach on or about January 23, 2021, and
13 on February 2, 2021, it received a ransom demand in exchange for a commitment not to
14 disseminate Kroger's data. Kroger informed the FBI of the demand. On February 18, 2021, Kroger
15 paid a ransom to recover the data. The extortion entity returned the data the next day, along with
16 a video purporting to show the deletion of Kroger's files.

17 j. Kroger reports that it continually has monitored the dark web to make
18 certain that the data was not retained or disseminated.

19 **THE FAIRNESS AND REASONABLENESS OF THE SETTLEMENT**

20 30. I believe the Settlement Agreement is fair, reasonable, and adequate, and is in the
21 best interests of Plaintiffs and putative Class Members. Despite my strong belief in the merits of
22 this litigation and likelihood of success as trial, I nonetheless believe that the benefits to Plaintiffs
23 and the putative Class pursuant to the agreed upon terms substantially outweigh the risks of
24 continuing to litigate the claims—namely, the delay that would result before Plaintiffs and putative
25 Class Members receive any benefits should the action proceed to trial; the possibility of a negative
26 outcome at trial; and the possibility of a negative outcome post-trial should Defendant appeal a
27 judgment in favor of the putative Class. This Settlement provides significant benefits now and is
28

1 in the best interests of all putative Class Members.

2 31. In my opinion, the Settlement presents a robust relief package and valuable
 3 outcome for the Settlement Class compared to other recent data breach class action settlements.
 4 The chart below demonstrates the quality of this Settlement as compared to other data breach
 5 settlements (on a per capita basis per class member). Based on review of the record at the cases
 6 cited below by, as well as B&A participation in some of these cases, I believe the information in
 7 chart below is true and accurate.

1 32. The proposed Settlement was entered into by Plaintiffs with the benefit of the
2 substantial experience of Plaintiffs' Counsel. In my opinion and based on my decades of
3 experience in privacy litigations, Plaintiffs' Counsel had all of the information necessary to
4 properly evaluate the case and determine the terms and conditions of the proposed Settlement.

5 33. Negotiations regarding the Settlement were conducted at arm's length, in good
6 faith, free of any collusion, and under the supervision of Judge Gandhi.

7 34. Plaintiffs' Counsels' knowledge of facts of this case and of the practice area more
8 broadly informed Plaintiffs' clear view of the strengths and weaknesses of the case, the decision
9 to go to mediation with Kroger, and the decision to recommend that the Court grant preliminary
10 approval to the Settlement.

11 35. The proposed Class Representatives have shown that they are well-suited to
12 represent the Settlement Class, have actively participated in the litigation, and will continue to do
13 so. They do not have any conflicts of interest with the absent Class Members, as their claims are
14 coextensive with those of the Class Members.

15 36. Since the litigation was commenced, the Plaintiffs have been dedicated and active
16 participants. They investigated the matter prior to and after retaining counsel, participated in the
17 client and case vetting process, reviewed and approved the initial complaints and the operative
18 FAC, kept in close contact with counsel to monitor the progress of the litigation, and reviewed and
19 communicated with their counsel regarding the Settlement. In my opinion, each Plaintiff put their
20 name and reputation on the line for the sake of the Class, and the recovery would not have been
21 possible without their efforts.

22 37. During the Settlement negotiations process, the Parties deferred any discussion
23 concerning the Service Awards to be sought by the proposed Class Representatives until after
24 reaching an agreement on all material terms of the Settlement.

25 **BARNOW AND ASSOCIATES, P.C. FIRM EXPERIENCE**

26 38. At all times, B&A had the experience, expertise, and resources to effectively
27 litigate any and all issues related to this litigation.
28

1 39. I am nationally recognized for my experience in leading some of the nation’s
2 largest consumer class actions and has been recognized as a *Titan of the Plaintiffs Bar*.² As a
3 court-appointed lead counsel or equivalent designation, I have successfully led over forty major
4 class actions (including MDLs) where class-wide recoveries were achieved, resulting in benefits
5 valued in excess of five billion dollars being made available to class members. This includes
6 leading eight noteworthy privacy class actions where class settlements were achieved. Below is a
7 brief description of some of the cases in which I served as a lead or co-lead counsel.

8 40. *In Re: Sony Gaming Networks and Customer Data Security Breach Litigation*,
9 MDL 2258. I was appointed to the Plaintiffs’ Steering Committee—a committee of seven firms
10 established to lead the litigation—in this MDL proceeding involving over 60 cases relating to a
11 data security breach that affected approximately 50 million consumers. A settlement agreement
12 was entered into and was granted final approval. At the final fairness hearing, the Honorable
13 Judge Anthony J. Battaglia remarked: “Just in the final analysis, the order, much like all the
14 work by both sides throughout the case, has been impeccable, highly professional, and skilled.
15 It’s been a real pleasure dealing with you.”

16 41. *In Re: TJX Retail Security Breach Litigation*, MDL No. 1838. I served as one of
17 Co-Lead Settlement Class Counsel for the Consumer Track in this MDL proceeding relating to
18 the theft of approximately 45 million credit and debit card numbers used at TJX stores and the
19 personal information of over 454,000 TJX customers. I took the lead in negotiating a settlement
20 with TJX’s attorneys that made available benefits valued at over \$200 million to the Class. The
21 Honorable Judge Young granted final approval to the settlement, which he referred to as
22 “excellent,” and as containing “innovative” and “groundbreaking” elements.

23 42. *In Re: Countrywide Fin. Corp. Customer Data Security Breach Litigation*, MDL
24 No. 1998. I served as one of Co-Lead Settlement Class Counsel in this forty-case MDL
25 proceeding relating to a former Countrywide employee’s theft and sale of millions of

1 Countrywide customers' private and confidential information. I negotiated a settlement that was
2 granted final approval, making benefits valued at over \$650 million available to approximately
3 17 million Settlement Class Members. In the opinion granting final approval to the settlement,
4 the Honorable Chief Judge Russell noted that "Co-Lead Settlement Counsel are nationally
5 recognized in the field of class actions, particularly those involving security breaches," and
6 stated that "the Court was impressed with Co-Lead Counsel and Countrywide counsels'
7 knowledge and skill, as represented in the various motions and hearings that took place
8 throughout this settlement process."

9 43. *Lockwood v. Certegy Check Services, Inc.* I served as one of Co-Lead Settlement
10 Class Counsel in this consolidated proceeding relating to the theft of approximately 37 million
11 individuals' private and confidential information from Certegy Check Services, Inc.'s computer
12 databases. I negotiated a settlement that was granted final approval, making benefits valued at
13 over \$500 million available to Settlement Class Members. At the final fairness hearing, the
14 Honorable Judge Merryday described the settlement as a "good deal," providing "a real benefit
15 to a large class of persons" as "the result of the focused attention of skilled counsel for a
16 protracted time."

17 44. *Rowe v. Unicare Life and Health Insurance Co.* I was Lead Counsel in this
18 proceeding relating to the defendants' alleged failure to secure the private health information of
19 approximately 220,000 individuals enrolled in the defendants' health insurance plans, resulting
20 in such information being accessible to the public via the Internet. I negotiated a settlement that
21 was granted final approval, making benefits valued at over \$20 million available to Settlement
22 Class Members. At the preliminary approval hearing, the Honorable Judge Hibbler described the
23 efforts of the parties as "exemplary."

24 45. *Orr v. InterContinental Hotels Group, PLC.* I was appointed as one of Lead Class
25 Counsel in this payment card data breach litigation. He successfully negotiated a class settlement
26 providing a claim process for Class Members to seek reimbursement for certain expenses or
27
28

1 fraudulent and unauthorized charges resulting from the data breach, subject to an aggregate cap
2 of \$1.55 million. The settlement was granted final approval.

3 46. *In re: Zappos.com Inc. Customer Data Security Breach Litigation*. I was one of
4 Co-Lead Class Counsel and settlement class counsel in this litigation, which resulted in a
5 landmark Ninth Circuit ruling recognizing the Article III standing of consumers harmed by data
6 breaches. I also successfully opposed Zappos' petition for writ of certiorari to the Supreme Court
7 of the United States, where he served as counsel of record for plaintiffs. After many years of
8 litigation, he negotiated a settlement that was granted final approval. The Settlement provided
9 Class Members with CAFA-compliant coupons that were redeemed for over \$7 million.

10 47. *Warner v. Toyota Motor Sales, U.S.A., Inc.* I served as one of Co-Lead Counsel in
11 this litigation regarding claims of excessive frame rust to certain Toyota vehicles, yielding a
12 recent landmark settlement providing relief valued at an estimated at \$3.4 billion.

13 48. A copy of my firm's resume is submitted herewith. Barnow Decl., Exhibit 2.

14 49. B&A has decades of experience in the prosecution of class actions, including data
15 breach and privacy lawsuits such as this action. B&A can more than adequately represent the
16 Settlement Class.

17 50. Based on my experience and my knowledge regarding the factual and legal issues
18 in this matter, and given the substantial benefits provided by the Settlement, it is my opinion that
19 the proposed Settlement in this matter is fair, reasonable, and adequate, and is in the best interests
20 of the Settlement Class Members.

21 51. As of June 24, 2021, my firm's lodestar in this matter is approximately \$168,559,
22 and expenses are \$7,849.
